Boston, 3 o'clk. Monday

I was in the Court Room till ½ past 4 then came out, & Rec'd. yours by Express, relating to Kreese, & wrote you by mail, asking further particulars, though I suppose I know the man. —

After mailing the letter to you, I took yours from the Postoffice; I have endeavoured to find Phillips & Parker, to name its suggestions. — To-day Suttle refuses point-blank to sell, saying he didn't come here to sell niggers; — Ben: F. Hallett is answerable for this; but for him the sale would have been concluded Sat. night.

The man if given up, as he doubtless will be, will not go thro' Providence, or Worcester. He will go from the end of India Wharf, or a like place. All the men there are, should be in Boston. — The city is crowded; military are out. — The City Mayor, (I am informed) sticks to it, that the military & police shall not be used to aid the carrying off, — only to keep the peace; — but what does that mean?

A friend [redacted] has just been here, — Speaking on perfectly reliable authority, — that a warrant for your arrest is in preparation, but not yet issued; — the information is from one who said "if the warrant were out, I could'nt sustain it". Therefore [redacted] you had better be on the look out. — I should send this by telegraph, but I understand W. F. C. has done so. — Friday night had a success, — but the Court Square movement, right in the face & eyes of the F. Hall advice, was ill-advised, & failed, when, with perfect harmony, it might have succeeded. Truly Yrs, S. M. Jr.

The Sheriff's ask 2½, & Yates, title 3½.

When the case will be heard this week to-morrow
